How Expert Consultation Affects Creativity: The Role of Expert Input in Early Stage Innovation

Darren D. Tan

MSc Business Analytics | Bridging Project Experience with AIML in Cloud Ops | NUS BBA (Hons)
Singapore

Summary

Postgraduate in Business Analytics, specialising in Advanced AI. Passionate about GenAI and Cloud, aspiring to deepen my skillsets in AI Workflows & DevOps Engineering.

Looking for opportunities and people who share the same aspirations in sectors where Big Data Technologies, AI and practical-use-case needs intersect.

With 2+ years in commercial functions including CRM and technical project management, a highly adaptable individual who believes in lifelong learning and data-driven outcomes.

Experience

PUB, Singapore's National Water Agency
GenAI Systems Engineer
March 2026 - Present (4 months)
Singapore, Singapore

Banco Sabadell
